

# SANDBURG SCHOOL

## MISSION STATEMENT:

Sandburg School, in collaboration with parents and community, will provide a strong academic foundation that supports each child's social, emotional, physical, and intellectual development.

## VISION:

Our vision is to provide meaningful learning experiences that challenge all students to reach their individual potential.

## VALUES

### POSITIVE ENVIRONMENT

The Sandburg staff will create a supportive, positive learning environment where students are ready to learn and succeed.

### QUALITY INSTRUCTION

The Sandburg staff will differentiate instruction and ensure active student engagement to prepare all students to be independent and life-long learners.

### FAMILY CONNECTION

The Sandburg staff will engage families to support student achievement through clear, attainable expectations and meaningful learning opportunities.

### PROFESSIONAL GROWTH

The Sandburg staff will continue growing as a professional learning community through ongoing collaboration and professional development.

## GOALS

The Sandburg staff will use a proactive systems approach to encourage students to achieve at their highest potential and become responsible, productive citizens. Progress will be monitored through multiple data sources.

The Sandburg staff will implement evidence-based teaching strategies that engage students and allow for differentiation. Progress will be monitored through student performance.

The Sandburg staff will provide families with learning tools and engage them through interactive workshops that focus on supporting the core curriculum. Effectiveness will be monitored through ongoing parent feedback.

The Sandburg staff will participate in focused, goal-oriented collaboration and professional development on a regular basis. Teams will monitor progress toward this goal through multiple data sources.
