This week at a glance..

Reading: My kiddos did an awesome job on their last Theme Test. All those scores and graded pages will come in next week's Wednesday folder. This past week, they have begun and finished their Animal Research projects, which have a great tie in to our Science curriculum. Once they gathered their research, they then began to create power point presentations.

Math: It's coming down to the wire with just 7 days left. We still are learning important information in Math this week. We are looking into the

chance of something occurring, which is called probability. We have also expanded our learning in connection with fractions and how they relate to probability. Our Topic 20 test will be this Friday!! Good Luck! We also have taken our basic facts tests and I am pleased to see how everyone has grown! Good job guys!

Writing: We are going to write goodbye letters to our pen pals this week. We want to wish them a wonderful summer, and good luck in middle school.

Technology: We have learned so much about technology last week and this week as we worked on our power point presentations. Students have been using Keynote, which is the MacBook version of power point. If anyone has a MacBook or Apple computer at home, I can send you

your child's presentation for you share at home.

Science: As we continue to learn in Science, we begin to explore food chains and food webs. Learning about how everything is connected makes us appreciate what we do have even more. We know that if a forest fire suddenly strikes the land all the cows are on, we will probably be without hamburger for a while. Please study hard, as our last quiz will be this Friday!!

IT'S TIME ALREADY??

I can't believe that it's time for you guys to leave me already! I feel like we just had open house! Ok, well not maybe that far back, but at least Spring Break! I just wanted to personally say to all my parents/families, I appreciate each and every one of you. I am happy that I was able to be your child's 5th Grade teacher. I hope that they will go on to do great things and achieve much! Have fun in middle schools guys & girls. Love you!!! ~ Mrs. Lott

STAR STUDENTS!!!

Congrats to our latest 2 star students from Room 128, Mr. Tanner was such a wonderful role model last week. We celebrated him and we appreciate his mom for coming to spend time with us. This week our shining star is Miss Anna! She has been her best behavior and we would like to celebrate her this week! Only one more week left....who will it be???

CHECK OUT TIME???

What do you get to keep your memories lasting forever?? A Yearbook on DVD! Fairview does electronic yearbooks on a DVD format. Yearbooks are currently on sale for \$12.00. Please submit money by the last week of school. An order form is coming home in this week's Wednesday folder.

******THANK YOU Shout-Out to Miss Kasey, our high school helper this year. Thanks for working with us and we wish you good luck at graduation and in life!******

THANK YOU MR. BIAN!!!

A big thank you goes out to Mr. Bian, our fantastice Real Men Read guy! We appreciate him taking time out of his busy schedule once a month to come read to us. Mr. Bian is a wonderful reader and person and for this we say thanks!!!

PBIS / BIST EXPECTATIONS:

Here are this week's targeted PBIS and BIST expectations that we are working on.
