A Note from the Teacher

Dear Parents!

Please monitor your student's rest at night. I am having multiple students come in tired, cranky and not ready to learn for the day. If I am having to wake your student up multiple times during the day they are not getting enough sleep at night. Students should be getting between 8-10 hours of uninterrupted sleep each night. A well rested student is a prepared student. We are missing a great deal of learning sleeping on our desks. Thank you for your assistance with this issue.

What We're

Language Arts

Students have been working on word decoding and reading books that interest them. ALL students should be reading 30 minutes **every night** books of their choosing.

Math

We are off to a good start learning about numbers and working on our number facts. Reviewing facts each night is helpful. If you are in need of flashcards please let me know!

Class Dojo

Dear Parents if you are not on class dojo please sign up. This is the best way to contact me. I would like to have 100% parent participation there. You may also email me at mbaker1@sps186.org. I can be reached by phone at 217-525-3802 ext. 201 after 2:30. I cannot take calls during the day as I am working with your students.
