Food Service Distribution

Breakfast and lunch will be distributed at 24 school sites from 7:00-9:00 a.m. Monday - Friday. Families may pick up food at any of the school sites in Springfield for students currently enrolled in District 186 except for those to the right.

Families will have to provide a lunch code for each student. If you do not have the code, the personnel at the feeding sites will provide you with the information. We have purchased devices for every food service location to track food distribution.

The following schools will **NOT** be serving food during remote learning:

Douglas, Lawrence, Dubois, Butler, Lee, Wilcox, Lincoln Magnet School, Laketown and Early Learning Center.

How will students Learn?

SYNCHRONOUS

This means live simultaneous instruction held at a specified time during the day on platforms such as Canvas, Zoom, or Google Classroom. The teacher and students will engage in live conversation and activities as a whole group or in small groups. This time might be used for quizzes, testing, student presentations and discussions.

ASYNCHRONOUS

This refers to teaching and learning that does not occur in the same place or at the same time. Students during these periods might watch a recorded instructional session and complete exercises or may follow written instructions to complete independent learning activities without live interactive instruction. Students may also be able to check in with teachers during “asynchronous instruction” periods.

Daily Schedule - Elementary - K-5

Students must have five (5) clock hours of instruction which will include student independent assignments as required in ISBE Guidance. At least 2.5 hours will be in person synchronous learning.

Students will be expected to log into their Canvas Account and Zoom Classroom Account each day at the time they would normally attend school.

Remote Learning Expectations - All Grades

Grades Matter

Homework Matters

Attendance Matters

Be respectful and school appropriate

Have S.W.A.G

Sit up straight, Watch the Zoom, Actively Listen, and Give and ask for feedback.

Daily Schedule - PreK

We will be providing 2.5 hours of learning per day for each student remotely

We will still have two sessions per day four days a week remotely - Mondays are independent learning days.

Full day classrooms will be 1 hour shorter if we return to hybrid.

When we return to hybrid/blended model, in-person attendance days may be four (4) days per week with one (1) independent learning day on Mondays.

This will be determined by enrollment figures and social distancing requirements.

Remote Learning Expectations PreK

We will use Teaching Strategies Creative Curriculum Cloud

Pre-K Program will use the Illinois Early Learning and Development Standards

Teachers will use the Early Learning Scale / Assessment, Evaluation and Programming System

1 to 1 iPads will be provided to families choosing remote learning if needed and available to students who are in person. We of course want to limit the amount of screen time for our youngest learners.

Attendance Matters! Elementary

Elementary students will start their day at the same time school starts normally depending on the individual site. Attendance will be taken when students log into Canvas and click on their Zoom. Within 30 minutes after the start of the school day attendance will be taken. The teacher will log into the information system to input their attendance for the day. The student will be considered absent for the day if not logged in. If a student logs in later, they will be given a tardy. Families should call the school if a student can't attend.

If students show a pattern of tardiness or absence, families can expect to be contacted by teachers and/or school leaders who will look for ways to support students and families during this challenging time.

Pre-K will have daily check-ins with families for morning, afternoon, and full day classes.

Attendance Matters ! Middle, High, Alternative

At the middle and high school level, attendance will be taken during each synchronous class period throughout the day. Students will log into Canvas to log into their courses for the day following the A/B Schedule. Similarly, parents can expect to be contacted by teachers or school leaders if a student is tardy, absent, or not engaged in Distance Learning. We will work for ways to support students and families. Families should call the school if a student can't attend.

Device Pickup

PK - 3 iPads, 4 & 5 iPads or Chromebooks, 6-12 Chromebooks

Distribution will begin August 21st on a specific schedule

See the District/School websites for each school's specific schedule. Watch for other communication.
