1. **DAILY PARTICIPATION IS REQUIRED IN THIS CLASS & IS PART OF YOUR FINAL GRADE.** You will learn about speech communication not only from reading the text and taking tests, but also through observing, evaluating, and critiquing other students' speeches and discussions conducted in class. If you miss class, you have missed a valuable learning opportunity that cannot be made up.
2. No distinction will be made between "excused" and "unexcused" absences. You are either here, or you're not. If you're not here, you will miss the opportunity to earn points for that day. Therefore, it is your responsibility to be sure that your attendance is correctly recorded. If you are late, please check in with me at the end of class. If you are absent for any reason, it is your responsibility to find out what happened in class by asking fellow student or me for what you have missed.
3. You will lose 1/4 of a point for every class you miss. Points will also be deducted for texting in class.
4. The participation grade will include your behavior in class. **Students who are not attentive due to electronic intrusion may lose points.** This grade may also be used as a "tie-breaker" if your total points fall on the borderline between two letter grades. If you've had good attendance and behavior, you may get a higher final grade in the course.
5. **Excessive absence** will result in zero points for your participation grade.
6. **Not giving a CCSD, will result in a 5pt. deduction from your participation pts.**
7. You must give all speeches in order. For example, you cannot give your persuasive speech until after you have given your informative speech.
8. Make-up tests: In general, **THERE WILL BE NO MAKE-UP TESTS.** Exceptions will be made only in the case of extreme and unavoidable emergencies that are verified in writing. (The following reasons are not valid excuses for missing a test: "I forgot," "I overslept," "I had to work," "I had to take my brother to the doctor," "I didn't know it was today," "I lost my book/notes.")
9. This class will follow all school rules and discipline policies.
10. If you must miss any class due to religious observance, you must notify your instructor at least ten college business days in advance in order to receive reasonable accommodations.
11. If a student has a disability that qualifies under the Americans with Disabilities Act (ADAAA) and requires accommodations, he/she should contact the Accessibility Services Office for information on appropriate policies and procedures. Disabilities covered by ADA may include learning, psychiatric, physical disabilities, or chronic health disorders.

In addition, Lincoln Land Community College does not discriminate against any student on the basis of pregnancy, parenting, or related conditions. Pregnant or parenting students seeking accommodations should contact Accessibility Services immediately.

Studying for the exams: One of the best tools you can use to study for your exams, other than making sure that you have read ALL the chapters and taken notes, is to use the on-line practice tests. Go to http://higher.mheducation.com/sites/0072862858/student_view0/index.html click on “Student Edition” click on the drop down menu for “Choose a Chapter” choose your chapter under “Quizzes” click on Practice Test

Taking an Online Test with Proctorio

In this class, you will be required to take the course exams as online proctored exams using Proctorio, through either Blackboard or Canvas, at LLCC. Proctorio is an easy-to-use system that operates within your web browser, allowing you to take your exam anywhere, at any time, while still being proctored.

- Proctorio is a remote proctoring service software that works within your web browser to monitor test takers to ensure academic integrity and eliminate online cheating.
- Proctorio may record your webcam, your screen, or other actions during the exam session and share that information with your instructor. **Only your instructor will have access to these recordings.**
- Proctorio is a remote proctoring service software that works within your web browser to monitor test takers to ensure academic integrity and eliminate online cheating.
- After you have submitted your test, Proctorio will provide a log of the test completion, based on proctoring settings determined by your instructor, for their Review. **Only the instructor can see these logs.**
- Just like a traditional class exam, any decision regarding the suspicion of cheating is determined and handled by the instructor.

Before you can use Proctorio to take a proctored test, you will need to set up the software first. To set up the software, you will be prompted to install a Chrome Extension the first time you take a proctored exam.

- It is important that you give yourself enough time to install the Proctorio software before you start your exam. **Don't wait until the last minute to start your test if you have not set up the software.**
- You must install this software to take the exam, and you must be using Chrome browser on a computer or Chromebook. You will not be able to take a proctored exam using any other browser.
- **Proctorio does not work with mobile devices** (phone or tablet). You need to be on a desktop PC, laptop, or Chromebook.
- As soon as the Proctorio Extension has been enabled, you will see a small gray shield in the upper right corner. Whenever you are logged into a Proctorio-enabled course in LLCC's Blackboard or Canvas systems, this connection provides you access to live chat and to Proctorio support resources. They will answer any live chat requests promptly – 24/7.
- If you encounter a technical issue or you have a question while using Proctorio (even while taking a test), technical support is available 24/7/365 via chat. This support is available from within the Proctorio system, you can click on the plugin icon on the right side of the chrome browser address bar. This will give you the option of starting a live support chat or going to the Proctorio Help and Support Center.

For complete installation instructions, please go to Proctorio Help. Additional Proctorio support is also available at:
