

# T.G.I.F

(Third Grade Is Fun!)

Contact Me!: class dojo, 217-585-5837

Week of September 6, 2021

## Math

This week in math we are in topic 13 where students are learning that fractions with different denominators can be apart of the same whole. They are known as equivalent fractions. Students are using fraction strips to model this thinking.

## Reading

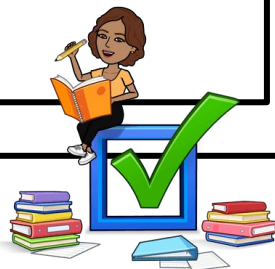

In reading we are learning not to just toss our books to the side once we finish a book but rather let the story stay with us and do some deeper thinking about the stories we are reading.

## Writing

In writing, this week we are finishing up publishing our first small moment stories and will be having a publishing party to celebrate all of our hard work!

## A Word from Miss Borders

Be on the lookout for a conference letter with your student's conference time and date! Please have your student return the bottom portion to me no later than **Friday September 10, 2021** to receive a special treat

## IMPORTANT DATES

- Sept. 23 PARENT/TEACHER CONFERENCES 5-8 p.m
- Sept. 24 NO SCHOOL (PARENT/TEACHER CONF.).
- Sept. 27-Oct. 18 Fall Break
