

# PROJECT SCOPE

## BALANCED CALENDAR

### Parents and Guardians:

We hope everyone had an enjoyable and restful Winter Intersession. With the rising COVID numbers, possible school closures are on everyone's mind. District 186 is committed to keeping schools open, but circumstances may require an individual school or classroom to go remote for a short period. In that case, please check our Web site at [www.sps186.org/scope](http://www.sps186.org/scope) for the latest information on SCOPE's availability. In the event of a snow day (when schools are either closed or move to remote instruction), SCOPE will also be closed.

In the meantime, parents please remember to send your child with a clean mask every day. Parents should also wear a mask when entering a school building to sign their child in or out of SCOPE.

Thank you for your cooperation!

### Important Dates

**Jan. 17**  
Martin Luther King Day  
SCOPE closed

### Winter Scenes

To celebrate the holiday season, SCOPERs at Butler made snowflake, gingerbread men and Christmas tree ornaments (top left), while Sandburg students decorated the paper cup snowmen pictured above.

At left are some of our SCOPE staff enjoying a Holiday Breakfast at Wanless School prior to Winter Break.
